TECHNICAL PROFILE

Regulated speech products need accuracy evidence, not demo wow. I build Whisper-based recognition pipelines with evaluation matrices and bias audits for language-technology deployment.

RELEVANT EXPERIENCE

Margadarshaka Co-Founder and Technical Lead, Remote Jan 2025–Present

- Prototyped a Whisper/C++ edge inference path to hold per-call compute inside the INR 50 ceiling - bounded automation before full voice-stack spend.
- Framed a low-price-point, SDG-aligned access path for regional-language counselling - stress-testing affordability without compromising safeguarding spend.

Independent Healthcare Venture (Client Anonymised) Jun 2024–Aug 2024

Technology and Strategy Consultant Intern, London, UK

- Translated stakeholder interviews into two decision-ready deliverables: a post-discovery market report and a phased entry plan grounded in customer segments and product thesis.
- Moved the venture from discovery to launch readiness in two months by shipping three assets: an MVP website, information architecture, and implementation roadmap.

RELATED PROJECTS

Amanuensis: Hindi Speech Recognition Jan 2025–Dec 2025

- Built and evaluated a Whisper workflow for Hindi and code-switched speech, carrying raw audio through preprocessing and fine-tuning into prerecorded inference.
- Stopped further training on evidence rather than sunk cost after benchmarking model quality and compute demand against the limits of local hardware.

Independent Risk Modelling and Control Design Jan 2025–May 2025

- Reapplied credit and portfolio-risk methods as independent modelling exercises with documented assumptions, stress trees, and control gates - without claiming regulated advice.
- Linked detection, decision, and audit-trail controls into a repeatable operating model for accountable stakeholder handoffs.

EDUCATION

Hult International Business School | London, UK Expected May 2027

Triple Crown Business School | Bachelor of Business Administration

~~Double Major~~ Entrepreneurship and Design (Double Major)

~~£7614.00~~ | UK Firsts honors

~~Honors~~ List for consecutive terms; Academic Excellence Scholarship; Social Impact Award; Full-Ride Master's Grant

~~Design Thinking~~ Design Thinking Practice; Future Proofing Challenge; Building Next-Generation Startups; Design Thinking in Web Design; Design 1
