EXECUTIVE PROFILE

PE operations groups need post-deal execution clarity. I translate acquisition theses into staffing models, occupancy levers, and service-friction diagnostics with documented kill gates.

RELEVANT EXPERIENCE

SRBS Group *Associate to the Managing Director, Jaipur, India* Jan 2021–Jul 2026

- Recommended - and subsequently helped execute - the approximately GBP 40,000 Shimla hotel lease after integrating market conditions, prior operator books, asset quality, downside risk, operating fit, and valuation.
- Built a reusable seven-part diligence framework spanning market attractiveness, operator quality, asset condition, legal exposure, commercial fit, valuation logic, and post-transaction execution risk.

Savi Hotels & Resorts *Operational Lead, Jaipur, India* Jan 2021–Jul 2026

- Completed property handover by running site analysis, verifying room and F&B inventory, and formulating operating agreements - then fitted the meeting room and banquet spaces to a bookable standard before the first guest weeks.
- Locked the demand spike into sustained commercial forms - repeat corporate packages, alternate booking structures beyond ad-hoc nights, and written operating playbooks - so rooms, banquet dayparts, and walk-in F&B could hold volume after the peak week.

RELATED PROJECTS

Duve Venture Diligence and Industry Tearsheet Jan 2025–May 2025

Spec Strategy

- Delivered an industry tearsheet and diligence pack for an anonymised London VC evaluating Tel Aviv-based Duve during its bridge between seed and Series A.
- Framed Duve as a conditional follow-up - not a clean proceed/pass - naming PMS integration dependency, rollout friction, and customer concentration as diligence gates before conviction.

Leased Hotel Turnaround and Operating Model Strategy Jan 2021–Jul 2026

- Modelled room-occupancy recovery and on-property F&B sales - including MICE dayparts and walk-in lunches - as separate commercial levers in a mixed-revenue turnaround used for lease valuation.
- Recorded the failed hold thesis as a two-month kill-gate exit - offboarding trail, inventory state, and future-lease pitchbook preserved so the stop itself remained decision-grade evidence.
