RELEVANT EXPERIENCE

Savi Hotels & Resorts *Operational Lead, Jaipur, India* Jan 2021–Jul 2026

- Kept a five-workstation, eleven-drive hotel IT estate live through the turnaround by running cabling, storage health checks, and downtime-window patches so front desk and back office did not drop during peak service.
- Operated guest WiFi across property gateways with per-arrival password rotation instead of shared lobby credentials, then extended network topology when a new router was added so mesh routing stayed coherent for rooms and back office.

Founder and President *Hult AI Collective, London, UK* Jan 2025–Present

- Took Hult's student AI organisation from operating concept to public launch by building its programming calendar, outreach cadence, event delivery, treasury controls, and technical infrastructure.
- Made HAC's work reusable and publicly legible through kartavya.tech/HAC, centralising event records, technical resources, and treasury infrastructure in one operating hub.

RELATED PROJECTS

Hospitality and Venture Operations Automation Jan 2021–Present

- Wrote weekly revenue ingestion scripts feeding the Excel and Power BI reporting layer that paired with front-desk reconciliation controls.
- Built backup and data-sync scripts with recovery paths tested during planned downtime windows.

Software Engineering and Systems Projects Jan 2014–Present

- Developed low-level Linux systems fluency across seven distributions through network routing, firewall, SSH deployment, and OSI-stack diagnostics.
- Restored and deployed small-scale infrastructure for individual users, school events, and institutional environments, translating low-level diagnostics into stable working setups.

EDUCATION

Hult International Business School | London, UK *Expected May 2027*

Triple Crown Business School | Bachelor of Business Administration

~~Double Major~~ Entrepreneurship and Design (Double Major)

~~£7614.00~~ | UK Firsts honors
